Our vacations are custom designed to meet your requirements

We work with you to help you choose the best places that will meet your expectations. In order to best help you with your travel plans, we need only a few details:

- The number of days you want to travel
- Location or how far you can go
- Budget, # of children, and # of adults

We can help you fill in missing details of your vacation plan and make all your reservations.

Prices

Our prices are generally the same as – or less than – on-line prices, so it is worthwhile to talk to an expert to ensure you are making an excellent choice before making any booking.

We first provide an estimate of what your vacation might cost. Next, the actual price is determined by reserving space. You can review your itinerary before paying a deposit. We can generally match prices from competitors.

Specials

Specials come and go, sometimes in 24 hours, and the cost of air changes frequently. We have discounts up to 50% for unsold space to many places in the Caribbean and Mexico, with non-stop air from cities in the Midwest and East Coast.

Support

We are ready to assist you any time before or during your trip. We respond to calls between 6 am and 10 pm (Pacific time) every day, including weekends.

Trust your vacation plans with someone who is always there to help. If your plans change during your trip, we handle the details while you continue enjoying your vacation.
